

## COMP2 - Problem/Solution Topics

Use the prompt you were assigned to write your next paragraph. Use your critical thinking and problem-solving skills to think of three recommendations: ways to help solve, or at least help lessen, the problem. Use specific detailed examples in your description of each solution. Each topic will require some additional research.

1. Overuse of Plastic Packaging
2. Declining Bee Populations
3. High Student Loan Debt
4. Declining Stocks of Fresh Water
5. Cyberbullying
6. Sedentary Lifestyles
7. Food Waste
8. Mass Extinctions / Decreasing Biodiversity
9. Declining Mental Health in Work Environments
10. Deforestation
11. Homelessness
12. Overcrowding in Popular Tourist Destinations
13. Poor Air Quality
14. Cheating / Academic
15. Social Isolation of Senior Citizens
16. Noise Pollution in Urban Areas
17. Microplastic Pollution in Oceans
18. Access to Clean Drinking Water in Poor Countries
19. Dangerous Texting and Driving / Walking
20. E-Waste
21. Gender Wage Gap
22. Overfishing
23. Unemployment / Underemployment of Young People
24. Lack of Green Spaces in Urban Areas
25. Antibiotic Resistance
26. Childhood Obesity
27. Online Privacy
28. Pesticides in Fresh Fruit
29. Rising Sea Levels
30. Drug Abuse
31. Wildfires
32. Decline in Reading
33. Social Isolation in the Digital Age
34. Childhood Video Game Addiction
35. Wage Stagnation
